

Friends of White Otter Castle fonds

1984

16 fol, 17 drawings

Administrative history

The Friends of White Otter Castle is a group formed to encourage the restoration and preservation of White Otter Castle, a building constructed by Jimmy McOuat in the early years of the 20th century on White Otter Lake near Ignace, Ontario. The group is composed of individuals such as Brian S. Thom, the Maintenance Superintendent of Old Fort William Historic Park and author of the following report, and groups such as the Atikokan "Sno-Ho Club".

Scope and content

Series E 2/1/1. - Report

A report entitled "Observations and Recommendations Concerning the Stabilization and Restoration of White Otter Castle for the Friends of White Otter Castle", prepared by Brian S. Thom, on 21 Nov. 1984. The report includes architectural drawings produced in 1973 by the Ministry of Natural Resources of Ontario.
