

Ontario Hydro

1926, 1974

3 cm of textual records

Administrative history

Ontario Hydro, formerly the Hydro-Electric Power Commission of Ontario, is a crown corporation of the province of Ontario. It was the first provincially owned electric utility in the county, having been established in 1906.

Scope and Content

A collection of proposals and valuations made by Ontario Hydro in Thunder Bay and its predecessors.

Series B 1/1/1. - Proposals, 1974

Preliminary proposal by Ontario Hydro for a generating station for Thunder Bay entitled "Proposal Generating Station for Thunder Bay, May 1974".

Series B/2/1. - Valuation, 1926

A 69-page valuation of the Port Arthur Civic Railway conducted July 1, 1926 by engineers of the Hydro-Electric Power Commission of Ontario, which describes and evaluates all equipment, rights of way, trackage, and buildings. Included are two maps and photographs of equipment.

Notes

Formerly catalogued into museum collection, 985.2.1 and 974.120.1-25.
